Wiring Diagram Version: V3.5 Date: August 2025

Based on Warren Townsend - Melbourne Australia
 artwork by original Volvo Schematics of the 1960s & 70s supplemented with current information from the classic Volvo community.
 I have attempted to make these Wiring Diagrams as accurate as possible, however no responsibility is accepted for any consequential errors from their use.
 Diagrams will be updated as extra information comes to hand, please check your distribution source for the most recent versions.
 I have used Dashed Lines  to indicate Optional, or Market Specific Components.
 *** Volvo V40 made mid run please refer to Volvo V40 wiring diagrams, please also reference previous, or subsequent year's schematics. ***
 Wire Sizes are shown as "mm squared", e.g. 1.0 mm², or 1.5 mm²

Seat Belt Light
(doubt as to existence of this "Optional" circuit -
but included here due to its inclusion in original Volvo schematics)
